![rampCENTRE®]

Aerolight Wall Strap Kit   Code: AWK
Holds all Aerolight ramps against wall vertically

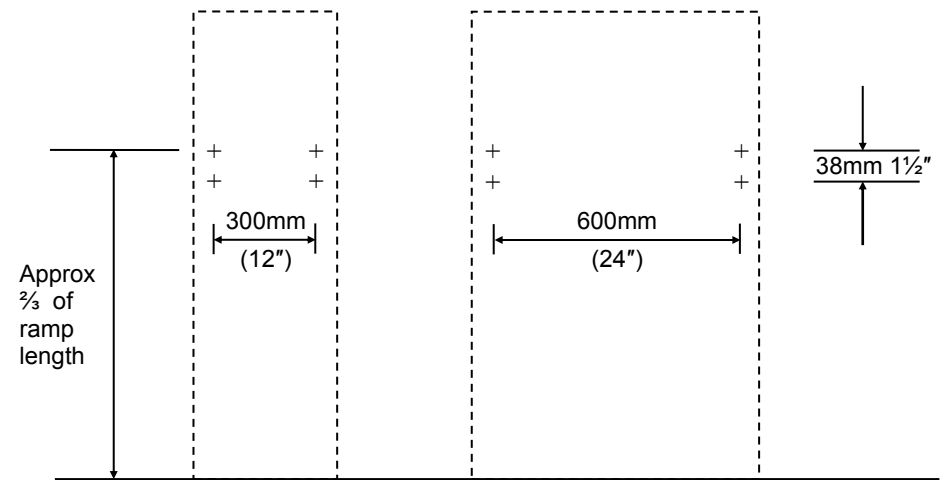

Approx ⅔ of ramp length

300mm (12″)

600mm (24″)

38mm 1½″
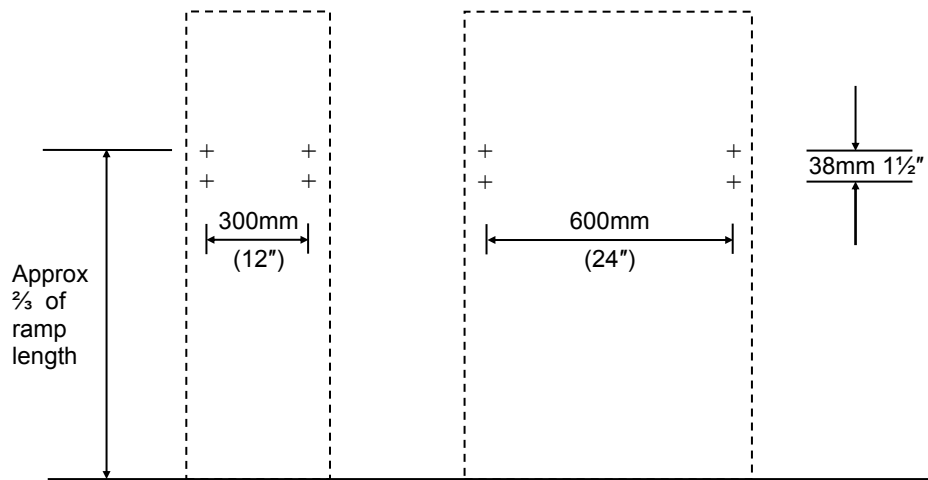

The crosses marked are location of the retainer clip screw holes.

Place strap behind retainer clips.
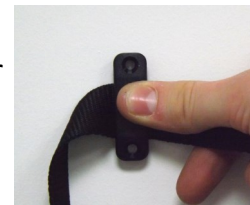

Fix retainer clips in position as shown above, using suitable fixings.

Place ramp against wall and secure with strap. Adjust strap to correct tension. Excess strap may be cut off and discarded.
