

## UKCA Declaration of Conformity No. 2535 Rev B

PPE: Filtering half mask to protect against particles (FFP)

Moldex confirms that according to current UK legislation the European CE-mark is sufficient to place products on the UK market. Pre-August 2023 Moldex followed current UK guidance and declared that our European CE-marked products were UKCA compliant and applied the UKCA mark to all CE-marked products and packaging. In August 2023 the UK Government announced that the CE mark would continue to be recognised in the UK market without the requirement of the UKCA mark and that further guidance would be published. As Moldex awaits the publication of new guidance our products will continue to be marked with both the CE and UKCA compliance marks.
