## ADD AND REGISTER A EXTENSION RINGER

Add your new **Ringer595 U.L.E** extension ringer to your telephone base. You only need to register if this is an additional ringer that is separate to the ringer included in your pack. Your new extension ringer must be registered with the **AMPLIDECT™595 U.L.E** telephone base before use.

### Register the extension ringer:

1. Make sure the extension ringer is powered on with batteries or DC power before registering it to the telephone base.
2. **Press and hold**  **hanset locator key** on the telephone base until it starts to beep.
3. **Press and hold** the **pair button**  **(5)** on the side of the extension ringer until the **Green Flash LED**  **(3)** light flashes.
4. You will hear confirmation beeps when the extension ringer is successfully registered to the base.

### Replacing a extension ringer:

If you have purchased this new **Ringer595 U.L.E** accessory extension ringer to replace an old extension ringer, you must deregister the registered extension ringer first, and then register this new extension ringer to your **AMPLIDECT™595 U.L.E** telephone base.

## GENERAL PRODUCT CARE

### Taking care of your extension ringer

Your extension ringer contains sophisticated electronic and optical parts, so it must be treated with care.

#### Avoid rough treatment

Place the extension ringer down gently. Save the original packing materials to protect your extension ringer if you ever need to ship it.

#### Avoid water

Your extension ringer can be damaged if it gets wet. Do not use the extension ringer outdoors in the rain, or handle it with wet hands. Do not install the extension ringer near a sink, bathtub or shower.

#### Electrical storms

Electrical storms can sometimes cause power surges harmful to electronic equipment. For your own safety, take caution when using electrical appliances during storms.

#### Cleaning your extension ringer

Your extension ringer has a durable plastic casing that should remain in good condition for many years. Clean it only with a dry non-abrasive cloth. Do not use a dampened cloth or cleaning solvents of any kind.

## STORAGE

When you are not going to use the extension ringer for some time, remove the battery from the extension ringer. Store the extension ringer in a cool and dry place.

## TROUBLESHOOTING
