Dressing should be easy

If pain or reduced mobility restricts your ability to put on socks or stockings, the Etac stocking aids will help. We have three models, with slightly different functions which are all easy to use.

For a perfect result, remember

1.

Pull up the sock properly and over the hooks

2.

Place the string behind the calf

3.

Pull up with ease

How to use Etac Socky

Etac Socky stocking aid, Short

Socky short is the perfect stocking aid for both short and knee long socks including flight socks. It consists of a plastic base with two hooks under a pre-folded nylon fabric.

How to use Socky Short

The sock is simply pulled onto the Socky fabric until the top of the sock reaches over the hooks. Place the string behind the calf and pull. Socky short slides up around your foot and lower leg with ease, placing the socks perfectly.

Etac Socky stocking aid, Long

Socky long is the ideal solution when hand strength and mobility is restricted or you need to reduce the friction between the sock and floor/carpet. It can be used for short as well as knee long socks. Socky long consists of a long plastic sheet placed under a pre-folded nylon fabric with a handle on top.

How to use Socky Long

The sock is simply placed around the Socky fabric and pulled to the top. The handle is used to pull Socky long up, while the plastic sheet slides on the floor and ensures that the sock stays in place.
